

CALL FOR PAPERS

The 2013 European Signal Processing Conference (EUSIPCO-2013) is the 21st of its kind organized by the European Association for Signal Processing (EURASIP). The conference will be held in Marrakech, Morocco, 9-13 September. This is the first time EUSIPCO moves outside Europe. The focus will be on signal processing theory, algorithms, and applications. Papers will be accepted based on quality, relevance, and novelty and accepted papers will be published in the proceedings of EUSIPCO 2013. (A request to IEEE to include the papers in the IEEE Xplore database is being processed.) The conference will feature plenary talks, tutorials, organized sessions, and contributed papers.

Areas of Interest

Submissions are invited in, but not limited to, the following areas:

- ❖ Audio and electro-acoustics
- ❖ Design and implementation of signal processing systems
- ❖ Multimedia signal processing
- ❖ Speech processing
- ❖ Image and video processing
- ❖ Machine learning
- ❖ Signal estimation and detection
- ❖ Sensor array and multi-channel processing
- ❖ Signal processing for communications
- ❖ Nonlinear signal processing
- ❖ Signal processing applications

Submission

Procedures to submit a paper, proposal for special sessions and tutorials are detailed at www.eusipco2013.org. Submitted papers must be camera-ready, no more than five pages long and conforming to the format specified on the EUSIPCO website.

Important Dates
